### **Appreciate being depreciated**

Are you paying too much tax? Interested in learning how to get the tax man to pay you every week? Do you want a property investment that produces an income as well as high level tax deductions?

BMT Tax Depreciation Quantity Surveyor Mr Reshat Mezensof has over four years of helping people understand how to make money through tax depreciation.

Many property investors remain unaware of the tax benefits that depreciation can provide.

Mr Mezensof says with a capital allowance and tax depreciation report, property investors are empowered to claim deductions and thereby improve their cash flow.

“With so many choices in today’s property market, the question women should consider before purchasing a property is which one will give me the greatest return?”

“Selecting a property based solely on presentation or location, means you may be missing out on an opportunity to qualify for tax deductions.

“Which will have a huge impact on increasing overall income for your financial future” he said.

Mr Mezensof will discuss with women at the Girls Learning About Money (GLAM) event the benefits of tax depreciation and how to apply this to a new and existing property portfolio.

The tax depreciation seminar will be held on Thursday 06 October, in Westpac, 260 Queen Street in Brisbane.

Bookings are essential for all GLAM events please go to [www.girlslearningaboutmoney.com](http://www.girlslearningaboutmoney.com) for more information.

GLAM gives women the opportunity to learn about money-related topics and network with like-minded, intelligent and inquisitive women.

Come see what you can write off, so you are not written off at tax time!

education.  
motivation.  
inspiration.
